SALT AND PEPPER GRINDERS

LOOK TOUCH TASTE™

LOOK TOUCH TASTE™ – The patented spice grinder with collecting pool to sprinkle the spices on the spot.

The LOOK TOUCH TASTE™ spice grinders allow you to pool the ground spices and sprinkle them right where you want! Winner of the Interior Innovation Award 2014 and the GOOD DESIGN™ award, this innovative Product includes a ceramic grinder mechanism with a calculated durability equal to 200 years usage in a normal household. A patented collecting pool makes it possible to gather the ground spices within and prevents the vapor from entering the grinder mechanism. Salt, pepper and spices can be ground with no risk of oxidization or any other chemical reaction affecting aroma or flavor.
