TEA BREWERS

# ICED TEA CONTROL 1.8l

The ICED TEA CONTROL™ 1.8l for whole-leaf tea and fruit infusions.

Fill up half the Iced Tea Control with ice cubes - or even better with crushed ice. Then top up with hot water, insert the lid and let the large leaf tea steep.

Presented with the prestigious red dot Design Award and the GOOD DESIGN™ award in 2010, these brewers are equipped with the patented brew-control mechanism – a simple turn of the lid corners the tea leaves and slows the brewing process. With the TEA CONTROL™, your loose-leaf tea can remain in the heat-resistant glass without compromising the flavor by becoming bitter. It also allows for multiple brews. Enjoy delicious tea from the first to the last cup!

So simple and unique!
