NATURAL FIBER FILTERS

STANDARDFILTER M WITH HOLDER

The paper tea filters size M could be used with a holder like Tea Clip, Tea Click, Stick or Top Holder. The expanding base of the filter provides the tea leaves enough room for their flavor to fully unfold.

The box is reclosable and the appealing display is perfect for retail stores by offering more flexibility in product presentation.

Due to their natural fibers (abaca pulp and cellulose), these tea filters are biodegradable. Their unique true-flavor filtering qualities and the absence of glue or any other binding agent add to their eco-friendly character. A convenient way to enjoy your individually preferred tea blends and herbs in pots, mugs and glasses.
