LESS IS MORE

Good coffee can be so easy – even on the move

No capsule – no electrics – just **ONE**CUP

For the taste – for nature – for you – from finum®

ONECUP
coffee filters

HOW TO USE

1

One coffee scoop
(7-10g ground coffee)

Hot water – just not boiling

Dip it 3 times

Ready after **1 minute**

Enjoy!

2

MORE COFFEE
less packaging

MORE CHOICES
less standards

MORE TASTE
less acidity

ONECUP®
coffee filters

LESS WASTE

The extensive packaging of capsules results in a material and carbon footprint which's almost 5 times higher than for the packaging of filter coffee.

ONECUP FILTER

These coffee filters are very small; we produce them from compostable naturfine® paper and box them in grass paper. Filters and boxes are FSC® certified.
