

Make your own tea bag.

TEAFLIP S ♥ filters are made from compostable naturfine® paper, which consists of 100% natural unbleached fibers and is FSC® certified.

MORE TASTE

These filters allow for a true-flavor extraction. Enjoy the full aroma and the fine color of your favorite teas with the **TEAFLIP S** ♥ filters.

MORE CHOICES

Choosing the right loose-leaf tea remains up to you. Make your own blend of teas and herbs with **TEAFLIP S** ♥ filters.

LESS WASTE

The extensive packaging of tea bags results in a material and carbon footprint which's almost x times higher than for loose-leaf tea.

TEAFLIP S ♥ filters are made from compostable naturfine® paper and packed in a recycled box material. The filters and it's box are FSC® certified.

LESS COSTLY

Tea bags go through far more packaging procedures than the loose-leaf tea. This also has an impact on costs. With **TEAFLIP S** ♥ filters you save on price, not on quality.
